6. Sam Crosby, House Committee on Appropriations, telephoned to give further details on Mahon's itinerary. Crosby also advised that he was joining Mahon in Vienna on the 27th. []

While talking with Crosby on the above, I queried him about the successor to Wigglesworth on the Appropriations Subcommittee. Crosby indicated it would be a straight seniority situation from the Defense Appropriations Subcommittee (not the full Appropriations Committee). Therefore, if Scrivner is re-elected he would replace Wigglesworth and the next in line was Gerald Ford. See memorandum to DCI for full details.
